

# CERTIFICATE OF COMPLIANCE

**Certificate Number** 20180312-E 14840  
**Report Reference** E14840-20030820  
**Issue Date** 2018-MARCH-12

**Issued to:** Rockwell Automation/ Allen-Bradley  
1201 S 2nd St  
Milwaukee WI 53204-2410

**This is to certify that representative samples of** COMPONENT - AUXILIARY DEVICES  
Refer Addendum Page for Models/Product

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

**Standard(s) for Safety:** UL 508 - Standard For Safety For Industrial Control Equipment  
CSA C22.2 No. 14 - Industrial Control Equipment

**Additional Information:** See the UL Online Certifications Directory at [www.ul.com/database](http://www.ul.com/database) for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: , may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program  
UL LLC

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL. For questions, please contact a local UL Customer Service Representative at <http://ul.com/aboutul/locations/>

# CERTIFICATE OF COMPLIANCE

**Certificate Number** 20180312-E14840  
**Report Reference** E14840-20030820  
**Issue Date** 2018-MARCH-12

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

## Models/Product:

Hole retainer, Cat. No. 800F or D7 – AHA1, Series A. Suitable for use in Type 4/4X/13 enclosures.

Latch, Cat. No. 800F or D7 may be followed by C – ALM, –ALP, or ALV, may be followed by suffixes, Series A.

Stab Terminal, Cat. No. 800F or D7 - ATK2, Series A.
